“The quality of training I receive continues to be excellent. Although I do not ship risky materials very often, your training helps me to know where to find the information I need, when I need it, as well as helping me and my company in compliance. Thanks again for the great job.”

“I really enjoyed this class. I liked the in-class demos/examples to help remember the material. I also liked that one exam was dropped. It was a nice reward for working hard throughout the semester”

"Amazing class - one of my favorite of the year. Knowledgeable, helpful staff. A great leader, helped form the class as a unit. I learned so much. I was expecting this class to be a joke, a blow off course, but we did work and it actually made me more confident."

“A well-organized, fun, and very helpful class! This was my absolute favorite class - and a big part of it is was detailed and enlightening instruction. I'll miss this class tremendously!”
