

UNIVERSAL HUMAN VALUE CELL

Education is the process by means of which a person develops abilities, attitudes and other forms of behaviour of the positive values in the society in which he lives.

Human values are the virtues that guide us to take into account the human element. Values are the guiding principles of our lives. They are essential for positive human behaviour and actions in our daily lives. **Universal Human Value Cell** aims to provide the much necessary bridge between the prevalent human condition and the envisioning of a happy and prosperous world.

Objectives of Universal Human Value cell:

- Development of students in physical, mental, emotional and spiritual aspect.
- To inculcate good manners, responsibilities of good citizen and develop respect for the dignity of individual and society.
- Enable the students to make decisions on the basis of sound moral principles.
- Conduct various workshops and seminars by Eminent personalities for students as well as faculty members.
- To sharpen the sensitivity of the students towards nature.
- To make the students aware that wealth is not everything in life, in every respect.
- To aware the students regarding the correct understanding of happiness and prosperity.
- Develop Right Understanding by sharing the understanding of what to do.
- Practice Right manner of living during the period of education.
- Living in harmony with human beings, leading to mutual happiness.
- Living harmoniously with rest-of-the nature leading to mutual peace and prosperity.

The students will be able to develop holistic approach to and interaction with society and nature. The students will evolve as more responsible citizens of the society through self introspection and by learning right understanding, giving priority to

relationships and not to wealth. Over a period of time, such value-based education can contribute to the development of a human and humane society. This cell contributes, through Value Education, to overall world view that is required for a humane society.
