

Report on Webinar

Pedagogical Approach Towards Outcome Based Education

Internal Quality Assurance Cell in association with Teaching and Learning Center (TLC-RCET) conducted a webinar on ‘ **Pedagogical Approach Towards Outcome Based Education**’ . The webinar was arranged through Google meet at 11:30 AM on 6th of May, 2022. Dr. N. Muthu Kumaran (Head-TLC) HOD of Civil Engineering delivered the welcome address. The principal, Dr. Devi V. addressed the online gathering and spoke about the importance and relevance of the topic.

The chief speaker of the program was Dr. Anupama Ghattu, Associate Professor, Department of Teaching and Learning Centre, at SRM University, Andhra Pradesh. She is Strong research professional with a Doctor of Philosophy (PhD) focused in Curriculum, Instruction and Media Technology from Indiana State University. Her main areas of interest were Research Design, Data Analysis, Statistics, Student Affairs, and Teaching. She shared her experiences and current technologies in teaching in OBE model.

Outcome-based education (OBE) means clearly focusing and organizing everything in an educational system around what is essential for all students to be able to do successfully at the end of their learning experiences. This means starting with a clear picture of what is important for students to be able to make sure this learning ultimately happens. She said that OBE should have three main characteristics

- a) There must be a performer – the student (learner), not only the teacher
- b) There must be something performable (thus demonstrable or assessable) to perform
- c) The focus is on the performance, not the activity or task to be performed

She ended up the session with remembering that Outcome-based education affirms teachers as facilitators, rather than lecturers. In this model, teachers guide students through learning with scaffold and hands-on activities to support student engagement with new material and encourage the application of developing knowledge and skills. The presentation was followed by a question answer session.

The session ended by 12:30 PM and Ms. Najiya Abdulrahiman, TLC Coordinator, AP/ECE proposed the vote of thanks. Around 60 faculties including non teaching staff attended the webinar. It was a really informative and thought provoking session on a very relevant topic of Outcome Based Education.

and Learning Center(TLC-RCET)**

Topic :

PEDAGOGICAL APPROACH TOWARDS OUTCOME BASED EDUCATION

Dr. Anupama Ghattu
Associate Professor,
Teaching and Learning
Centre, SRM University,
Andhra Pradesh

PROGRAM DATE
6 MAY 2022

Platform
**GOOGLE
MEET**

This screenshot shows a Google Meet interface during a session. The main area displays a grid of video thumbnails for participants. Visible names include ANJU SAM, DINTO THOMAS, Dr.DEVI V BALAKRISHNAN, Lemya Sainudeen, Muthu kumar, Anupama Ghattu, JOMON K CHARLY, and 31 others. A 'People' list on the right side of the screen shows a scrollable list of all participants, including names like Najiya Abdulrahman, Anitha L, Arjuna N, ANUTHA JOSE, ANJU SAM, Anupama Ghattu, ash (host), and Adhira Premkumar. The bottom status bar shows the time as 11:37 AM and the meeting ID as haf-hnsx-buf.

This screenshot shows a Google Meet session with a presentation slide displayed. The slide is titled "Planning is the Key" and features a staircase diagram with steps labeled: Topic, Outcomes, Mode, Resources, Discussions/Interactions, and Assessments. Each step is accompanied by a small icon. The bottom status bar shows the time as 12:20 PM and the meeting ID as haf-hnsx-buf. The 'People' list on the right includes participants such as Rudraksh.B. Nair, SABITHA, Sabitha C B, SAJEEESH N, Sandhya Binoy, Sasikumar V K, Sheku Malboon, SHEFINA ASHRAF, and Slipa Pc.
