

REAP - RESULT ENHANCEMENT AND ATTITUDE BUILDING PROGRAMME

In order to motivate and help academically weaker students, thereby improving their university examination results and make them compete with other professional government institutions, the academic council of RCET has decided to conduct remedial classes named as REAP. Respective coordinators are given overall responsibility for the conduct of classes.

Group tutors, Mentors and faculty handling subjects are responsible for identifying the academically weaker students after every internal examination with recommendation of HoD. The basic criteria for identification of slow learners are

- Students with a level of minimum pass marks.
- Students who have failed in less than three subjects.
- Student who feel less confident in a particular course or modules.

REAP is aimed at helping students deal with complex and analytical subjects more easily. Along with the improvement of results REAP program builds an atmosphere to improve his/her positive attitude that offers them the opportunity to overcome the obstacles. The group study among students, inculcate an attitude of sharing and helping between them. Peer pressure through group study brings a positive reinforcement among the students. Individual attention of students planned through REAP program can improve their self confidence together with academic excellence. Practicing continuous learning as a part of REAP program makes the students recognize that they can't remain successful without learning process and utilizing the new developments, information and techniques

Group tutors and Mentors interact with the parents to convince them about the aim and necessity of the program. REAP classes are conducted during Remedial Hours/4:10 PM to 6:30 PM after regular working hours .Transport facilities are provided to the students. During Examination time, Saturdays and Sundays are wholly utilized for REAP and Hostel facilities are also provided for students who opt for the same.

- **REAP Activities – 2021-22**

For Second & Third Year Students

RCET conducted S4 REAP classes for third year students and S2 REAP for second year students. S4 REAP classes were conducted from 6th to 8th july 2022 and 11th to 15th july 2022 and S4 REAP classes were conducted from 11th to 16th july 2022 and 18th july 2022.

For First Year Students

Remedial classes were given after completion of the syllabus with the intention of increasing the results for the first semester students. Each day was divided into four slots of one and a half hours each.S1 REAP classes were conducted from 1st to 27th march 2021
